

*At Thanksgiving, as winter's cold approaches, an opportunity to act now to help refugees and those affected by war in Syria*

***“One Person at a Time, One Humanity Closer”***

from their **Mission Statement:**

All you have to do is care ... together we can help and make a difference.

We focus on women with no male breadwinners and their families. Many find themselves in dire circumstances, with few options to safeguard their children and themselves with dignity.

We send aid into Syria and bordering countries, keeping the mothers and their priorities and needs in mind.

***Current Need: TENTS, HEATERS, and HEATING/COOKING FUEL for families displaced from their homes within Syria by bombing and on-the-ground fighting.***

*\$250 = 1 tent to house a family*

*\$75 = 1 safe, sturdy heater for a tent or other shelter area (some are living in abandoned buildings)*

*\$200 = heating / cooking fuel (firewood) for 1 family, enough to last until March*

**How to Donate:**

A check or money order payable to **NuDay Syria** should be mailed directly to:

**NuDay Syria** - 14 Ellyson Avenue, East Hampstead, NH 03826

To specify support for this project, include a cover note & write "tents/heaters" on the memo line of your check. **NuDay Syria** is a U.S.-based, 501(c)(3) charity. **Donations in any amount** are appreciated and will be acknowledged with a receipt for tax purposes; please include your return address.

**As we pray in solidarity** with all whose lives and country have been devastated by war, we invite you to take home a table “TENT,” and place it on your kitchen table. Let it remind you of the people we are helping and of the connection we all have to one another.

***May we be people not only giving thanks this week but also “living thanks”!***
